Easterly as janitor of the city offices.

REPORTS OF CITY OFFICERS.

The Monthly report of the City Marshal, Chief of the Fire Department, and Superintendent of the Poor were read and ordered filed.

To the Honorable the Common Council.

Gentlemen:—The case of Bryant Walker, Adm. vs. The City of Ann Arbor was heard in the county of Washtenaw, in chancery, on the 29th. day of November last, Walker and Spalding appeared in behalf of the complainant and myself for the city

You will remember in that case a bill was filed to restrain the collection of the tax assessed against the Corydon L. Ford property in the sixth ward, by reason of the construction of Hill St. sewer.

Judge Kinne filed his opinion in the case on the 22nd. day of December, and as it is brief and to the point I report it in full, as follows:

"An important and necessary public improvement was made in this City. The estate of Corydon L. Ford received its due benefit therefrom. I discover no equity in the attempt of this large and wealthy estate to escape its legitimate burdens. The Bill of Complaint should be dismissed as de-titute of equity."

Very respectfully,

Thos. D. Kearney,

City Attorney.

Received and ordered filed.

January 1st. 1898.

To the Honorable Common Council of the City of Ann Arbor:

the City Physician until death removes them unless a different plan is adopted.

These cases are receiving groceries and fuel as well as medical care, and the cost to the city far exceeds the expense to keep such parties in the County House where they can be properly cared for. Some children should be sent to reform schools where they will have a chance to become good citizens as their present environment will certainly lead to worthless citizens.

I earnestly request you honorable body to investigate this question more fully.

Very respectfully,
D. M. Cowie, City Physician.

Ald. Soule moved that the report be printed in the record.

Ald. Dell moved as an amendment to cut out the names in the printed report.

Two of the above cases have been sent to the hospital where they could be put under the conditions necessary, to their improvement. This has been done without expense to the city. It will be seen by the synopsis that three surgical operations have been performed.

In closing I would like to say that with the valuable co-operation of Mr. Siple, Superintendent, of the poor, I have been enabled to distinguish between impostors and those who are really in need and worthy of the city's support. So far as possible parties receiving medical aid from the City have been given some light employment as an endeavor to lessen the prevailing feeling among this class that they can depend upon receiving the necessities of life gratis.

There are cases on this list who will appear on every report handed in from

N. S. Garlinghouse.
