Your committee to whom was referred the petition of Clinton J. Snyder, et. al., relative to the construction of a storm sewer on Gott street from Hiscock street to Summit street have had the same under consideration and respectfully submit the following report.

According to the estimate of the City Engineer this sewer will cost over six hundred (\$600.00). The City would not get this amount of money back in taxes from the increased assessment on the property benefited for years. We therefore recommend that the petition be denied unless a majority of the property owners to be benefited by the construction of said sewer agree to pay fifty per cent of the cost of the same.

> Respectfully submitted, C. W. GILL, H. W. DOUGLAS, CHRISTIAN SCHLENKER, Sewer Committee.

Ald. Fischer moved that the report be accepted and adopted, supported. Ald. Coon moved as a substitute that the matter be deferred to next meeting, supported. Substitute lost as follows:
