Officers' Report.

Report of Sealer of Weights and Measures.

Sept. 12, 1904.

To the Honorable the Common Council.

Ann Arbor, Mich.

Gentlemen:

In complying with the ordinance relative to the sealing of weights and measures I have the honor to make the following report:

Mr. Geo. Weeks, Jr., having made a study of the work required, was deputized to do the sealing with the following result.

Mr. Weeks was received courteously with very few exceptions and the fee was paid without serious objections, but an almost unanimous feeling exists that the expense should be born by the city. After carefully considering the situation I can readily see that the general public is benefited by the inspections and sealing, therefore I feel as the merchants do about it, and respectfully recommend that the matter be referred to the ordinance committee for investigation.
