Jan. 6, 1919.

To the Honorable. the Common Gentlemen-Hereto attach-Council: ed find request from one of our esteemed citizens for an improvement of the condition of our city streets. This is but one of the many like requests which I am receiving, and I feel that in part our citizens have just grounds for requesting a more extensive street building programme. now all building restrictions as well as ban on materials have been lifted, in act all public works should be encouraged for the employment of the released man power. I would therefore recommend that your honorable body take immediate steps authorizing the City Attorney to draft the necessary resolution to submit to the electers of Ann Arbor, an amendment to Section 186, of our city charter, so as to enable us to extend our bonding limits for the purpose of facilitating what should be our paving programme for the future.

Report of City Attorney.

To the Honorable, Common Council, City of Ann Arbor, Mic.h: Gentlemen—The matter of dividing various wards of the City of Ann Arbor into election precincts, which was referred to me by your honorable body, at your meeting held under date of December 16, 1918, has been investigated by me, and the steps necessary for dividing said wards are as follows:

Section three of chapter s'x of Act number 203, Public Acts of 1917, entitled "The Act to provide for holding of election, to prescribe the manner of conducting and regulating election, to prevent fraud and deception in the cenducting of election, and to guara against abuse of the elective franchise," which said Act, known as the 'Michigan Election Law," among other

things provides as follows:

"When in any election precinct of a township, ward or village, six hundred (600) votes or more shall have been cast at the last preceding election therein; or when, from examination of the registration book, or for any o'her reason it shall be estimated that there are more than six hundred voters in any precinct; the township board or the legislative body, or other officials charged with the performance of such duty by the charter of any city or village, as the case may be, shall, by resolution, divide such precincts into two or more precincts, or shall again divide the township, ward or village into election precincts, so that there shall not be more than six hundred votes in any one precinct."

From this section it can be seen that the procedure necessary to be taken to divide a ward into election precincts is to have a resolution passed by the Common Council, dividing such ward or wards as the Common Council shall determine has more than six hundred

voters in it.

The dividing line for such precinct must be determined by the Common

Council in said resolution.

Respectfully submitted, Frank B. De-

Vine, City Attorney. Referred to Aldermen to recommend what is necessary in their re-

spective wards.
