Ann Arbor, Mich., Aug. 6, 1906.

To the Common Council of the City of Ann Arbor:—

Gentlemen:—The fruit and orchard inspectors of the city of Ann Arbor have the following report and recommendations to offer:

Though the inspection of the city is not nearly complete we have found that part of the city east of Main street and south of the river to be infested with San Jose Scale, not on all trees, but scattered throughout this district. The other parts of the city have not yet been inspected thoroughly enough to show whether the scale is present or not. In the worst places the trees are already dying.

We find many owners are not in a position to do their own spraying.

Many properties are owned by women, who could not do their own spraying, nor do the inspectors know of anyone who is prepared to do the spraying on a commercial basis.

Further, only the most thorough spraying will even hold this dangerous insect in check, and tree owners who are willing to do their own spraying will often fail to kill the insect through ignorance of just what is necessary to do. With the most thorough spraying it is doubtful whether the scale can be completely eradicated.

In view of the above fact the fruit and orchard inspectors recommend that the city of Ann Arbor purchase such apparatus as is necessary to prepare and apply the sprays required to combat the San Jose Scale and other dangerous insects and diseases of plants shrubs or trees, and that men be employed under the direction of the fruit and orchard inspectors to do such spraying where the owners of infested trees desire it, and also where the owners of infested trees refuse to do the necessary spraying or have it done.

The owners of such trees sprayed under the direction of the fruit and orchard inspectors shall pay the city of Ann Arbor a sum sufficient to cover the cost of the spraying materials and the work of applying them.

Yours Respectfully,
L. D. Wines,
T. P. Manwaring,
Jas. B. Pollock.

Fruit and orchard inspectors.

By Ald. Abbott:

Resolved that the recommendation of the fruit and orchard inspectors as embodied in their report to this council be concurred in and adopted.

Resolved further that the sum of one hundred dollars be apportioned for the purpose of defraying expense of spraying trees under the direction of

the fruit and orchard inspectors as recommended in said report and as provided by law.

Adopted as follows:

COMMITTEE REPORTS

Finance Committee.

To the honorable the Common Council of the city of Ann Arbor:

Gentlemen:—Your committee to whom was referred the matter of the request of Ehrhardt T. Alber for the return of a portion of the fees paid by him for liquor license, viz: The sum of \$202.50, we would report that we are advised that the city is under no legal obligations to make return of such money. We are informed, however, that it has been customary to return a pro ratio of the fees in cases similar to Mr. Alber's case, and it is apparent that Mr. Alber relied upon like treatment upon retiring from business, we think it equitable, and therefore recommend, that he be allowed the amount named.

We recommend further that the practice of returning fees in such cases be discontinued, and that all present holders of licenses be notified of such deter-

mination so that they may govern themselves accordngly.

E. B. Manwaring,
C. W. Gill,
Wm. Goodyear.

Moved by Ald. Fischer supported by Ald. Miller that the recommendation of the finance committee be concurred in and that the city clerk be and is hereby instructed to draw warrant in favor of E. T. Alber for amount due as shown in above recommendation.

Adopted as follows:

Yeas—Ald. Gill, Snaubel, Kurtz Schneider, Miller, Sweet, Markey, Manwaring, Sherk, Goodyear, Blaich, Abbott, Fischer, Pres. Gilmore—14.
