COMMUNICATIONS

Communication from the mayor received and ordered on file.

Ann Arbor, Mich., April 4, 1907. Honorable Common Council:

Gentlemen I take this opportunity to thank you for your hearty co-operation and the kindness and courtesy shown me during the past two years, in our mutual endeavor for the public good; and I bespeak for my successor like kind consideration, which I am sure you will all gladly accord. all of the members of your honorable body, except three, will continue the service of the city in official capacity during the coming year, allow me to express the hope and belief that the motto of the new council will also be, "No step backward." | Markey, Manwaring,

Progress means life and growth, stagnation means death and decline.

And it behooves every citizen, whether in office or out of office, to do his full share in making this beautiful home city of the great University, in every worthy of its distinguished resident.

Administrations come, make their contribution of public service, wise or otherwise, and pass away, but the city remains to tell what its public and private servants have wrought. We feel that what you have already accomplished and that which is now under way, will be appreciated more and more as time goes on. Let the good work continue; and though some of us will not remain with you, yet we will not by any means lose our interest in public affairs; and those who take our places shall have our earnest, hearty support in every endeavor for the common welfare.

FRANCIS M. HAMILTON,

Mayor.

Deed for Fuller street property presented by Mrs. Mary C. Markey and following report read:

To the Honorable, the Common Council of the city of Ann Arbor:

Gentlemen—Pursuant to the direction of your honorable body, I have investigated relative to the title of the land proposed to be conveyed to the city for the purpose of a detention hospital. I would report that in my opinion the title to said premises is sunencumbered except that the same is subject to rights of flowage.

Whether or not the flowage rights would ever cause serious complications is a practical rather than a legal question, depending altogether upon the intention of the owners of the flowage rights. Having no personal knowledge of the subject, I will not venture any opinion as to future possibilities, but from the legal standpoint it seems clear to me that the prudent course is to insist that they city be given a clear title before accepting the deed of this land. this reason I do not deem it wise to recommend this title unless a release shall first be obtained from the owners of the flowage rights, at least as to proportions of the premises where bulidings are located or are to By so doing all possible be located. chances of future complications may be avoided.

Respectfully submitted this 4th day of April, A. D., 1907.

FRANK A. STIVERS, City Attorney. Moved by Ald. Miller that deed be accepted.

Adopted as follows:

Yeas—Alds. Gill, Snaubel, Kurtz, Schneider, Miller, Sweet, St. James, Markey, Goodyear, Blaich, Abbott, Fischer, Pres. Gilmore—13.

Nays—Alds. Manwaring, Sherk—2. To the Honorable Mayor and Common Council of the City of Ann Arbor.
