#### Street Commissioner on Plank.

Hon. Common Council: Gentlemen—  
I would recommend the purchase of  
about 4,000 ft. of 16-ft white oak  
lumber, 3 inches thick, for use in covering  
cement box culverts at street  
intersections. I find I can purchase the  
above amount for \$28.00 per M., if  
taken at once, a saving of \$4.00 per  
M. over the price paid under contract  
last winter for oak plank of same  
thickness, for No. 1 bridge repairs.

I have consulted President Cornwall  
of the Board of Public Works,  
and he concurs with me in the above  
recommendations.

Respectfully submitted, John Wisner,

**Street Commissioner.**
