City Engineer's Office, Ann Arbor,

Mich., Dec. 16th, 1912.

To the Hon. Common Council, Ann Arbor, Mich.: Sirs-As there seems to be some misunderstanding among the members about the final settleent of the accepting of the "Huron Crest Plat," I beg to make the following report concerning the matter: On Sept. 3rd, 1912, the Council adopted the following motion: "Moved by Ald. Lindenschmitt that the plat of Huron Crest addition to the city of Ann Arbor be accepted, provided that Mr. R. T. Dobson agrees to place street and sidewalk grade in condition satisfactory to the City Engineer." On the following morning, Mr. Dobson, Mr. Wood, Mr. Brooks, Mr. Atwell and myself went out on Crest av. We found that to grade the street so that all the water would drain to Huron st. would be impossible without making it necessary to fill above the highest and most desirable building sites, and making the lots practically unsaleable. The only solution for the grade question was to leave the general conditions practically as they were. To one or two small changes and the proper grading for sidewalks, Mr. Dobson, and Wood and Brooks, his selling agents, readily agreed.

Under this condition of grading, it will, sooner or later, become necessary for a storm sewer to be laid from Huron st. to the low point on Crest av. There is no storm sewer on Huron st. at present, but it will be necessary to construct one in connection with the paving next year. Mr. Dobson, and Wood and Brooks, agreed that they would pay one-half the cost

of such storm sewer from Huron st. to the low point in Crest av. Their contention in declining to pay the entire cost of such a sewer was that their property had helped to pay for storm sewers constructed in other parts of the city, and that the city as a whole should pay at least a part of the cost for such improvement on Crest av. The city's one-half of the cost of such a storm sewer would be approximately \$300.00.

I have been assured, since the last meeting of the Council, that Mr. Dobson, and Wood and Brooks intend to do as they agreed, and will grade for the sidewalks and make what minor changes which are advisable in the street grade, as soon as conditions are favorable in the Spring.

The plat has been approved by the proper city officials and is recorded. Very respectfully submitted, Manley

Osgood, City Engineer.

Reports of treasurer and clerk for month of November received and ordered on file. Engineer's report on accepting of Huron Crest plat received and ordered on file.

Moved by Ald. Prochnow, that the matter of amount of street light being furnished the city be referred to the Lighting committee, with power to employ an expert to determine the candle power, etc.

Adopted as follows: Yeas, Ald. Schmid, Koernke, Flynn, Manwaring, Ramsay, Lindenschmitt, Schultz, Prochnow, Pipp, Sherk, Rash, Lutz, Pres. Mills, 13. Nays, none.

The Council adjourned.

ROSS GRANGER, Clerk.
